Female Deck Sockets

Fittings

The most comprehensive range of **deck sockets** for your gangway. All come with an impeccable highly polished deck flange. A complete set of adapters is available to couple any pivot with any socket, up to 34 mm diameter.

Finishing

We made no compromises: from surfaces polished in the same workshops used by Vicenza's famous gold jewelers, to solid CNC machining, this is the absolute best you can buy.

Pic. 1 STAINLESS STEEL

High quality, AISI316 welded socket with polished flange.

Pic. 2 PREMIUM STAINLESS STEEL - available also in BLACK HARD ANODIZED ALUMINIUM

A single block of AISI316 steel CNC machined for the smoothest effect.

Pic. 3 PREMIUM STAINLESS STEEL WITH KEY-LOCK - available also in BLACK HARD ANODIZED ALUMINIUM

With marine grade lock and key It needs a special bushing on the male pin.

Pic. 4 PREMIUM STAINLESS STEEL SQUARE FLANGE

Perfect to be installed on narrow toe rails.

Custom Painting

Gangways, swim ladders, walking surfaces, wheels, sun awning poles, can be painted in different colors. Please refer to the table to choose your color combination.

Our standard antiskid surface color is *RAL 7036 Platinum Grey*.

	RAL 7015 Slate Grey		RAL 3004 Purple
	AWLGRIP N1101 Whisper Grey		RAL 8001 Ochre Brown
	RAL 7036 Platinum Grey		RAL 1019 Grey Beige
	RAL 7044 Silk Grey		AWLGRIP N6103 Desert Sand
	AWLGRIP N8102 Oyster White		RAL 7032 Pebble Grey
	AWLGRIP G8009 Off White		AWLGRIP N5103 Majestic Blue
	AWLGRIP G8044 Snow White		RAL 5013 Cobalt Blue
			AWLGRIP N5100 Aristo Blue
			AWLGRIP N5110 Navy Blue
			AWLGRIP N5106 Royal Blue

For an unlimited choice of color, please contact us, explaining your needs.

Yacht Name

You can customize your gangway with your logo, yacht name, or a drawing. Our best selling option is the name/logo visible within the non-slip surface, but it can also be painted in any color different from the main color of the gangway, even metallic.

A range of 5 different fonts (Helvetica Neue, Gill Sans, Franklin Gothic, Georgia, Garamond) constitutes the basic configuration for the yacht name. Any other font, logo or drawing is also possible: just send us your **vectorial file, .ai, .dxf, or just the font type** and we will recreate the same graphics on the gangway..

Georgia **Georgia**

Gill Sans **Gill Sans**

Garamond **Garamond**

Franklin Gothic **Franklin Gothic**

Helvetica Neue **Helvetica Neue**

Options

Teak Walking Surface

Our teak walking surface is 100% hand-made and follows the elegantly rounded gangway design. We use high-quality, 10 mm sheets of teak. The combination of classic teak and modern carbon technology creates a stand-out accessory for your yacht: beautiful, strong, and surprisingly light.

Handrail

Handrails are a great addition to your gangway. They give a clear view of your path, providing safety. Our handrail kits include hard anodized aluminium stanchions, comfortable polyester lines, and stainless steel spring lock. They are easy to install by inserting the sliders in the recessed sockets below the gangway, until the spring lock clicks. Just pull on the slider to remove. You can customize colors for your rope and stanchions.

Our handrail kits can be added to any gangway at any time.

Options

Light Cascade*

Thanks to the extra-thin walls of Exit Carbon pre-preg gangways, LED lights are underneath the gangway, showing light dots on top through small lenses along each side. This unique feature of Exit Carbon gangways illuminates the water and dock with an awesome visual effect, as shown in the photo.

Our LED lamps have RGB colors and remote control.

*The lamps are CE certified. Low consumption 4.8 W to 19.2 W according to gangway model and volts supply (self-adjusting to 12 V or 24 V).

Padded Stow Bag

Provide the best protection for your Exit Carbon piece of equipment - and your yacht too - with our exclusive, Exit Carbon weatherproof padded stow bags.

All our bags feature resistant and comfortable handles, shoulder straps, practical zips, and can be customized with your logo or yacht name.

Trapezes

A trapeze is the perfect solution for keeping your gangway readily available without the noise of the wheels scratching on the dock or worries about the gangway hitting the dock. Most trapezes are made with short spreader bars, resulting in an uncomfortably narrow passage when you walk through. We made our **Carbon Spreader Bars** 610 mm long--wider than most shoulders--but still extra light.

Carbon Spreader Bar, Full Trapeze, and Full Trapeze with Lateral Guys available.

X-Wheels Option

Standard Wheels

Our standard, discreet, 63 mm diameter wheels on hard anodised aluminium rigid casters permanently fixed to the carbon structure. They don't spoil the smooth flowing lines of Anna, but allow the natural movement of the ship while you cross the gangway.

X-Wheels

Big, heavy-duty 100 mm diameter X-Wheels on AISI316 stainless steel rigid casters for additional clearance from the dock or use on irregular surfaces.

The casters are screwed on extra-strong stainless steel threaded plates and laminated inside the carbon fiber structure--like the fittings of Formula 1 engines and suspensions.

Carbon Fiber Gangways

					PRICE
MODELS	LENGTH	WIDTH	MAX LOAD	WEIGHT	
Anna 500	500 cm (16'6")	50 cm		21,5 Kg	€ 18.490
